

Reminder for Annual Health Checkups for (Pre-Existing) Employees

As a countermeasure against Covid-19, we ask for your cooperation in wearing a mask (non-woven mask) to the health checkup site. If your body temperature is above 37.5 degrees Celsius, you will not be allowed to take Health Checkups.

Please check your temperature in the morning of the day.

■ Making an appointment for Annual Health Checkups

Please make a reservation at least day prior to Health Checkups date.

Appointment start date: August 10 (Wednesday)

Please make an appointment for the date and time you wish to take Health Checkups by clicking on the "職員一般定期健康診断 Web 予約 (学内アクセス限定) ※健康情報取得 (提供) について同意して予約 WEB Appointment for Employee Health Check-up(The university LAN limited access) button on the "職員一般定期健康診断 Annual Employee Health Checkup"page .

<https://u.kyoto-u.jp/employee>

■ Online Questionnaire

Complete your Online Questionnaire before your health check-up (by the day before.) You can access it via a device connected to the University's network or wireless network (KUINS or KUINS-Air).

Online Questionnaire period starting:Aug.10.2022 (Wed)

How to access the Online Questionnaire:

- ① Access the Employee Health Questionnaire using this URL: <https://u.kyoto-u.jp/employee> (English instructions are mixed in with the Japanese ones.)
- ② Enter your Integrated Authentication ID (SPS-ID) and password, then login.
- ③ Fill out the questionnaire according to the instructions on the screen.

* Those who have not completed the Online Questionnaire, or who completed it by the day before the check-up, must complete it on the on-site tablet on the day of the check-up. It will take some time.

■ **In order to receive the health checkup, you will need:**

- ① Employee ID card
- ② Urine sample of your first urination of the day collected in the specimen jar. (The paper cup and sample collection container will be given to you by the Health Check-Up Management for your department.)

■ **Checks to be Done** (see Attachment 2)

■ **At the Check-Up** (All ages are as of April 1 of this year)

(1) **Urine Analysis**

Right after you wake up, collect urine in the paper cup. Fill the plastic bottle to the fill-line. **Tightly** close lid. Write your: 【事業者名又は学校名 : **Department**】 & 【氏名 : **Name**】 on the analysis submission bag. Put the bottle in the bag. **Results may not be accurate during, or up to 3 days after, menstruation.* Those menstruating should tell the on-site reception clerk, regardless of the submission of a urine sample. If you female do not submit your sample, you must bring it on a different specified day. (Caution: You cannot submit the sample on a different day during the Employee Annual Health-Check.)

(2) **Blood Pressure Measurement, Height and Weight Measurement**

- Attend in easily removable clothing and footwear so the measurement goes smoothly.
- Blood pressure must be measured over a bare arm or thin sweater or shirt, not below a rolled-up sleeve.

(3) **Eyesight Test** (Only Information device Work)

Info-device work below for more than four hours per day:

-continuous operation of watching display

- repetitive operation of keyboard, etc.
 - constrained work in taking break or changing work posture.
- Eyesight can be measured with or out without vision correctors (glasses, contacts).

(4) Blood Test

For those who are 35 or over 40 years old, those handling harmful substances (registered in the system as, or plan to be registered as, handling harmful substance for over 100 days in a year). There may be changes to this, and you will be notified if you will have the test on the day of your checkup.

- Morning Appointments (Main, Uji, Katsura Campus): Don't eat breakfast and snacks, juices (with sugar) (except water or tea)
- Afternoon Appointments (hospitals)(Main Campus(September.4 only)): Don't eat lunch and snacks, juices (with sugar) (except water or tea).
- Please do not eat for **at least** 4 hours before your check-up.

(5) Abdominal Circumference Measurement

For those who are 35, or over 40 years old. Measurements will be taken with a tape measure.

(6) Hearing Test

For those who are 35, 40, or over 45 years old. Will be evaluated with basic hearing test equipment.

(7) Electrocardiogram

For those who are 35 or over 40 years old. Electrodes are attached directly to the wrist and ankle. Please come in clothing that is easy to remove. (No stockings.)

(8) Chest X-ray

For those who are 20, 25, 30, 35, or over 40 years old, those handling harmful substances (registered in the system as, or plan to be registered as, handling harmful substance for over 100 days in a year).

- For the X-ray, you must wear a plain shirt (no design, patterns, decoration, or buttons).
- Long hair should be tied up using rubber hair bands so that it does not touch your shoulders.
- Please remove metal accessories such as necklaces (they will appear on the x-ray).

X-Ray Exemption: If you received a chest X-ray within 3 months from the date of the examination and are judged as normal by the doctor, or are pregnant (or may be pregnant), you can omit the X-ray by requesting so at the interview with a medical professional. Please do not wear a dress that is connected to the top and bottom of the dress.

▲ Optional Tests (advanced reservation only*)

* The deadline for advanced reservation has already passed. Additional reservations cannot be made.

(9) Stomach Test

Those who made an advanced reservation will receive instructions (document). Please review them before undergoing the examination.

This inspection has already been closed, so additional applications can not be made.

(10) Fecal Occult Blood Test

[Attention] Stool collection container bottle is dedicated. Even if you submit it put on different bottle, we can not be accepted. Please keep in mind.

Those who made an advanced reservation will receive instructions (document) and feces collection containers. Please review the instructions before turning in the collection container(s). The (1 or 2) sample(s) submitted on the day of the exam will be enough for the test. You cannot submit a sample on another day.

This inspection has already been closed, so additional applications can not be made.

■ Hazardous work

Those presently registered in the Registration of Hazardous Work System will require certain tests depending on the type of work and number of working days.

If there have been any changes to your registered status, please tell the reception.

* For details on Registration of Hazardous Work, please reference the "List of Hazardous Work".
